Mr. Claus Larsen – Jensen

Chairman of the European affairs committee

Dear Mr. Larsen - Jensen

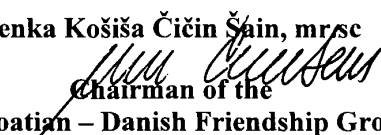

Please let me thank you very much for the informative and fruitful meeting and exchange of ideas during our visit to The Folketing this week. The delegation is most appreciated of your principled support to Croatians membership in EU.

I would like to ask you once again to bare in mind our argumentations in particular regarding the issues of the Croatians cooperation with the ICTY when you will discuss this topic on the days to come. We are totally focused on the reform process in the country and the membership in the EU. Our achievements are the stabile democratic institutions, return of the refugees, economic progress, the reform judiciary and the regional cooperation.

Once again thank you for your warm welcome, understanding and support. I look forward to further contacts and the overall enhancement of the cooperation between the Croatian Parliament and the Folketing.

I send you best wishes, and I am looking forward to stay in touch with you.

Best regards,

Alenka Košiča Čičin Šain, mr/sc
