## **Det britiske EU-formandskabsprogram på beskæftigelses- og socialområdet**

### **Det overordnede tema**

Det britiske EU-formandskabs overordnede tema på beskæftigelses- og socialområdet er, hvordan vi kan forøge beskæftigelsen og forbedre den sociale inklusion som led i gennemførelsen af den reviderede Lissabon-strategi.

Temaet skal signalere, at øget beskæftigelse er den mest effektive vej til en forbedret sociale beskyttelse – helt i overensstemmelse med Tony Blairs tale til Europa-Parlamentet den 23. juni d.å., hvor han slog til lyd for en modernisering af Europas sociale model. Temaet blev slættet an på det uformelle ministermøde den 7.-9. juli d.å. i Belfast og vil gå igen på flere konferencer/møder under formandskabet (vedlagt kopi af listen over konferencer/møder).

### **De enkelte sager**

For så vidt angår de sager, som optræder på den foreløbige dagsorden for rådsmødet den 8.-9. december (kopi vedlagt), som forventes at blive det eneste rådsmøde på beskæftigelses- og socialområdet under britisk formandskab, kan følgende elementer fremhæves:

*Forslag til et fællesskabsprogram for beskæftigelse og social solidaritet ("Progress")*

Muligt punkt på dagsordenen for rådsmødet til politisk enighed. Eneste udestående i sagen er beløbsstørrelser og temafordeling. Programmet overordnede budget fastlægges i forbindelse med vedtagelsen af EU's finansielle perspektiver 2007-2013.

*Det europæiske ligestillingsinstitut*

Muligt punkt på dagsordenen for rådsmødet til politisk enighed. Det kræver, at Europa-Parlamentets holdning foreligger forud for rådsmødet, hvilket formandskabet ikke forventer. Institutts overordnede budget fastlægges i forbindelse med vedtagelsen af EU's finansielle perspektiver 2007-2013.

*Direktiv om overførsel af supplerende pensionsrettigheder*

Kommissionen er ved at forberede et direktivforslag, som forventes fremsat inden rådsmødet. Formandskabet ønsker en udveksling af synspunkter om forslaget på rådsmødet.

*Arbejdstidssagen*

Formandskabet ønsker at fremme sagen mest muligt, som er sat på dagsordenen for rådsmødet til mulig politisk enighed. Formandskabet vil frem til medio september gennemføre bilaterale konsultationer og derefter fortsætte de tekniske drøftelser i Rådets socialgruppe med henblik på at finde en løsning.

*Forordning 1408/71 om koordination af de sociale sikringsordninger*

Der er tale om den årlige opdatering af forordningen. Formandskabet sigter mod at opnå en generel indstilling hertil på rådsmødet.

*Forslag til rådsbeslutning om et europæisk år om lige muligheder for alle i 2007*

Kommissionen har i juni 2005 fremlagt forslag til rådsafgørelse. Forslaget behandles for indeværende i Rådets socialgruppe. Formandskabet sigter mod at opnå en generel indstilling til forslaget på rådsmødet.

*Forslag til direktiv til forenkling af procedurerne i eksisterende arbejdsmiljødirektiver*

Muligt punkt på dagsordenen for rådsmødet med henblik på udveksling af synspunkter eller opnåelse af en generel indstilling. Det kræver, at Kommissionen fremlægger et direktivforslag før rådsmødet, hvilket formandskabet forventer.

*Demografisk udvikling og menneskelig kapital*

Formandskabet ønsker en politisk debat på rådsmødet i december herom i forlængelse af Kommissionens grønbog om den demografiske udvikling.

*Virksomhedernes sociale ansvar (CSR)*

Kommissionen har oplyst, at man forventer at præsentere en meddelelse herom i oktober d.å. Formandskabet ønsker en drøftelse af meddelelsen på rådsmødet.

*Kommissionens meddelelse om bæredygtigheden af Europas sociale model*

Muligt punkt på dagsordenen for rådsmødet. Kommissionen forventes at præsentere meddelelsen på det uformelle møde blandt stats- og regeringscheferne i oktober eller november d.å..

For så vidt angår de sager, som ikke optræder på den foreløbige dagsorden for rådsmødet, kan følgende oplyses:

*Optisk stråling*

Formandskabet sigter mod opnåelse af et fleksibelt forhandlingsmandat i Coreper forud for Europa-Parlamentets anden plenarafstemning i september, hvorved man håber at kunne nå til enighed i anden læsning.

*Vikarsagen*

Formandskabet forventer ikke bevægelse i denne sag, som må anses for fastlåst.

*Sammenskrivning af en række direktiver på ligebehandlingsområdet ("Recast")*

Kommissionen skal efter Europa-Parlamentets plenarafstemning den 6. juli d.å. eventuelt fremlægge et revideret forslag. Formandskabet forventer, at man kan nå til enighed i anden læsning.

*Sociale tjenesteydelser af generel interesse*

Kommissionen forventer at fremlægge en meddeelse herom i oktober d.å.

#### **10. Informed Choices: Retirement and Savings – 9 November 2005, Brussels**

The population throughout Europe is both ageing and living longer, with resulting concern about the future sustainability of State spending on pensions. All Member States are having to make a radical re-appraisal of their current pension provision, both State and private, to cope with expected demographic changes. The UK has developed the Informed Choice programme, which aims to foster an increasingly proactive approach by individuals to saving for retirement.

The **Informed Choices: Retirement and Savings** meeting will showcase the Informed Choice programme and similar programmes from two other Member States. It will also allow Member States to focus on the key challenges, the steps taken so far to address those shared challenges, and how Member States can best work together to meet them.

#### **11. Gender Equality Conference- Equality Ministers' Informal - 7/8/9 November 2005, Birmingham (M)**

2005 will mark the tenth anniversary of the Beijing Platform for Action, which was agreed at the Fourth World Conference on Women in 1995. The Luxembourg and UK Presidencies have agreed, (in conjunction with the Commission and other Member States) to highlight this anniversary as the central theme of our gender equality Presidency programmes. At their conference in February, Luxembourg will focus on the different models of national machineries for women that Member States have evolved to implement Beijing, whilst at the UK conference (7/8 Nov) we will highlight practical models of good practice and cutting edge policy that Member States have successfully developed, to help implement and progress the Beijing Platform for Action. This conference will involve a broad spectrum of partners, such as NGOs, academics, senior policy officials, social partners and MEPs, totalling up to 200 people.

Following the excellent practice established by most Presidencies over the last few years, we will invite Equality Ministers to an Informal meeting, which will take place immediately after the wider conference (8/9 Nov, Birmingham). Ministers will be able to consider how EU

Member States have taken forward the agenda set in Beijing. We will be discussing ideas for format and content of the Ministerial at a meeting with Luxembourg and Luisa Pavan Wolfe on 5 November, to ensure that UK plans are complementary to those of Luxembourg.

In line with usual practice we shall also convene a meeting of the European Commission High Level Group on Gender Mainstreaming, to be held in London in September.

#### **14. Small Business in the social dialogue in an enlarged Europe – 17 November 2005, London**

As part of the UK's enterprise week we plan for the event on Social Dialogue to be very focused and practical - essentially a meeting of experts - looking at ways in which the existing Social Dialogue processes might be further developed where, particularly in new Member States, industries

comprising mainly small and medium sized firms may lack structured union and business representation at national level to enable their voice to be effectively represented at the European level.

In taking this forward we would look to address some of the concerns flagged by new member states during the Modena Conference held under the Italian Presidency and in the Commission's own recent Social Dialogue communication – that, particularly in new Member States and where sectors are predominantly comprise small firms the structures for social dialogue at national level are weak which means they are less able to contribute effectively to the European Social Dialogue process.
