

28. April 2005

Dear Sir,

I have two children, Wahib & Toni
Aboud attending Amager's International
School, 6th class.

They are having very good education
and they feel happy about it.

We hope that they will continue
in this school until they finish
the 9th class.

We have been very satisfied with
this school, both of my children
have been studying here for 7
years (started in the kindergarden).

Best regards,

Joseph W. Aboud

DEAR SIR,

MY SON IS 8 YEARS OLD AND ATTENDING
THE SECOND CLASS IN AMAGER'S INTERNATIONAL
SCHOOL. THIS IS HIS SECOND YEAR HERE
HE ALSO WAS HERE IN THE KINDERGARTEN
IN THESE THREE YEARS WE HAVE HAD
VERY GOOD EXPERIENCE WITH AMAGER'S
INTERNATIONAL SCHOOL.

MY SON FIRAT DEMIRCI IS STUDYING
TOGETHER WITH STUDENTS FROM MANY
DIFFERENT NATIONALITIES AND CULTURES,
INSPITE OF THE DIFFERENCES, THEY
GET ALONG VERY WELL TOGETHER.

WE ARE ^{VERY} HAPPY WITH THE EDUCATION
HE HAS BEEN GETTING IN THIS
SCHOOL. HE HAS LEARNED A LOT
IN MATHEMATICS AND DANISH.

I TALK WITH MY FRIENDS CHILDREN
WHO ATTEND FOLKESKOLE AND I CAN
SEE THAT MY SON IS LEARNING
REALLY WELL HERE AND THE
IS LEARNING TO LEARN IN A DISCIPLINED
AND EFFICIENT WAY, ALSO HAS GOOD GUIDANCE FROM
THE SCHOOL.

BEST REGARDS,

CEMAL DEMIRCI

Dear Sir/Madam

I have two children attending Amager's International School and one son who has already graduated from 9th class at this school.

I chose this school because I wanted them to learn a good standard of English as well as Danish and to be good children.

I like the method of teaching and the children especially like the methods too.

They learn a lot. They do a lot of project work and they do learn about democracy. I have noticed that they respect others and learn to work with others.

I am writing this as the school informed me that the Ministry of Education are looking into some free schools and the methods used.

I am very happy for this school.

Dear Sir or Madam,

My daughter Uroni Oatim has been studying in Anger's International School since 2002.

Earlier when she was attending Folkeskole, she was doing very bad in every subject. When she started here she was at the age of 7th class but she was at 3. class level in Maths, 5. class level in Danish and 6. class level in English. This school is so good that now she is on the 9th grade and in all the subjects she reached 9th class level except Math that is 8th class. This has been a great improvement.

Besides she feels very good in Anger's International School.

Kind regards,

Gophia Mrs H. Braun

Education is the backbone of a nation. Therefore schools are important plays for any children.

I have heard not so good about "Copenhagen government schools", because the education system of those schools are very slow and lack of discipline. But private schools are giving better education, and the children can learn also another side forexample, culture, sport, etc..

English is the international language.

I think children must learn it from the first level.

Amager International School is a religious free school, and the environment of this school is very good. Their teaching system is also very good and well known.

Therefore, we decided to select this private school Amager International School, for our children.

til Undervisningens ministeriet,
vi skriver til jer fordi at vi
ville bekræfte at vi er mere end
tilfredse med skole systemet som
det fungerer nu.

vi ønsker derfor at i vil lade
køre som den kører nu. der
vi er yders tilfreds.

Med de taknemlige

hilsener

Emad A.L. Mishtet
(Far til Safa Emad.)
