### Part 1

#### *Objects, etc.*

1. - (1) An object of the Act is to ensure that newly arrived aliens are given the possibility of using their abilities and resources to become involved and contributing citizens on an equal footing with other citizens of society.

(2) This must be effected, through an effort of integration, by:-

- (i) assisting in ensuring that newly arrived aliens can participate in the life of society in terms of politics, economy, employment, social activities, religion and culture on an equal footing with other citizens;
- (ii) assisting in making newly arrived aliens self-supporting as quickly as possible through employment; and
- (iii) imparting to the individual alien an understanding of the fundamental values and norms of Danish society.

(3) Another object of the Act is to promote the possibilities of citizens, enterprises, authorities, institutions, organisations, associations, etc., of society of contributing to the effort of integration.

2. - (1) The Act applies to aliens lawfully residing in Denmark. In this Act, aliens mean refugees and immigrants, cf. subsection (2) hereof, lawfully residing in Denmark.

(2) In this Act, refugees mean refugees, etc., cf. section 54. In this Act, immigrants mean aliens reunited with a refugee family member, cf. section 55, and other aliens reunited with a family member, cf. section 56.

(3) This Act does not apply to aliens who are nationals of another Nordic country or are nationals of a Member State of the European Community or fall within the agreement on the European Economic Area or fall within the rules of the European Community on visa exemption and on abolition of entry and residence restrictions in connection with the free movement of workers, freedom of establishment and freedom to provide and receive services, etc.

(4) The Danish Immigration Service shall decide whether an alien falls within this Act.

3. - (1) The effort of integration includes housing of refugees, cf. Part 3, introduction programmes for aliens, cf. Part 4, and a general effort of integration, cf. subsection (2) hereof.

(2) In this Act, a general effort of integration means any initiative which does not fall within

Parts 3 and 4 of this Act, and which is carried out by public authorities for the purpose of integrating refugees and immigrants into the Danish society.

## Part 2

### *Tasks of the local council*

4. - (1) The local council is responsible for housing of refugees allocated to the municipality in question, cf. Part 3, introduction programmes for aliens, cf. Part 4, payment of introduction allowance, cf. Part 5, and co-ordination of the general effort of integration in the municipality, cf. section 3(2).

(2) Responsibility under subsection (1) hereof for refugees rests with the local council from the end of the first whole month following the date when a residence permit was granted to the refugee in question, but cf. subsection (3) hereof. The local council may take over responsibility for a refugee under subsection (1) hereof before the end of the first whole month after his residence permit was granted, if the refugee in question consents thereto.

(3) Responsibility under subsection (1) hereof for immigrants and for refugees issued with a residence permit under section 8 of the Aliens Act rests with the local council from the date when the person in question is registered in the Central National Register (CPR) as having moved to the municipality or, if the application for a residence permit was submitted in Denmark, from the date when the residence permit is granted.

(4) Responsibility under subsection (1) hereof rests with the local council of the municipality to which the refugee is allocated under the rules of Part 3, or where the immigrant lives or resides. If the alien takes up his abode or residence in another municipality, responsibility for the introduction programme and payment of introduction allowance under the detailed rules of Parts 4 and 5 passes to the local council of that municipality, but cf. subsection (5) hereof.

(5) If an alien is remanded in custody or committed to a state or local prison to serve a sentence in an institution of the Prison and Probation Service located in another municipality than the municipality whose local council under subsection (1) hereof is or becomes responsible for the alien in question under subsection (2) or (3) hereof, the local council of the municipality

which is or becomes responsible for the alien in question under subsection (2) or (3) hereof is responsible under subsection (1) hereof, unless otherwise agreed by the two local councils and consented to by the alien.

4a. - The local council may consider applications for assistance to individuals under this Act.

5. - (1) A local council may leave the performance of certain tasks as part of the implementation of introduction programmes to one or more organisations or associations, etc., including the Danish Refugee Council, educational institutions, private enterprises and other local councils.

(2) By agreement, the local council may authorise another local council to undertake, in full or in part, tasks related to introduction programmes for aliens, cf. Part 4, payment of introduction allowance and assistance in special cases, cf. Parts 5 and 6, and co-ordination of the general effort of integration, cf. section 3(2), handled by the local council.

## Part 3

### *Housing of refugees*

6. - Each year not later than 1 April, the Danish Immigration Service issues a notice stating the number of refugees to whom the Danish Immigration Service expects to grant residence permits for the next year (the national figure). The national figure can be changed by the Danish Immigration Service if circumstances so require. The national figure must be amended by the Danish Immigration Service if the number of refugees to be housed in the year in question is deemed to differ by more than 50 per cent in relation to the national figure fixed by the Danish Immigration Service at any time.

7. - (1) The local council associations of each county and the Municipalities of Bornholm, Copenhagen and Frederiksberg shall try to agree on the next year's housing of the number of refugees laid down in the national figure, cf. section 6, in the individual counties and in the Municipalities of Bornholm, Copenhagen and Frederiksberg (agreed county quotas). The agreement must be notified to the Danish Immigration Service before 1 May.

(2) If the national figure is changed for the current calendar year, cf. section 6, second sen-

tence, the local council associations of each county and the Municipalities of Bornholm, Copenhagen and Frederiksberg shall try to conclude another agreement. The agreement must be notified to the Danish Immigration Service within a period fixed by the Danish Immigration Service of normally not less than six weeks from the date when the national figure was changed.

(3) If the local council associations of each county and the Municipalities of Bornholm, Copenhagen and Frederiksberg have not notified the Danish Immigration Service of conclusion of an agreement under subsection (1) hereof before 1 May, the Danish Immigration Service, before 15 May of that year, fixes the number of refugees expected to be housed next year in the individual counties and in the Municipalities of Bornholm, Copenhagen and Frederiksberg (fixed county quotas).

(4) If the national figure is changed for the current calendar year, and if the local council associations of each county and the Municipalities of Bornholm, Copenhagen and Frederiksberg have not given notice of an agreement under subsection (2) hereof, the Danish Immigration Service, within 30 days after expiry of the period stipulated in subsection (2) hereof, fixes the number of refugees expected to be housed that year in the individual counties and in the Municipalities of Bornholm, Copenhagen and Frederiksberg.

(5) The fixed county quotas under subsections (3) and (4) hereof can be changed by the Danish Immigration Service if a change in circumstances so requires.

8. - (1) The local councils of a county shall try to agree in which municipalities the number of refugees agreed or fixed in the county quotas, cf. section 7(1) and (3), are to be housed next year (agreed municipal quotas). The agreement must be notified to the Danish Immigration Service before 10 September.

(2) If the agreed or fixed county quotas for the current calendar year are changed, cf. section 7(2), (4) and (5), the local councils of each county shall try to conclude another agreement. The agreement must be notified to the Danish Immigration Service within a period fixed by the Danish Immigration Service of normally not less than six weeks from the date when the county quota was changed.

(3) If the local councils of a county have not notified the Danish Immigration Service of con-

clusion of an agreement under subsection (1) hereof before 10 September, the Danish Immigration Service, before 30 September for each municipality of the county, fixes the number of refugees expected to be housed next year in the individual municipalities (fixed municipal quotas).

(4) If the agreed or fixed county quotas for the current calendar year are changed, and if the local councils of a county have not given notice of an agreement under subsection (2) hereof, the Danish Immigration Service, within 30 days after expiry of the period stipulated in subsection (2) hereof, fixes the number of refugees expected to be housed that year in the individual municipalities.

(5) The fixed municipal quotas under subsections (3) and (4) hereof can be changed by the Danish Immigration Service if a change in circumstances so requires.

9. - The Minister for Refugee, Immigration and Integration Affairs lays down detailed rules on national figures, cf. section 6, on conclusion of agreements on county and municipal quotas, cf. section 7(1) and (2) and section 8(1) and (2), on fixing of county and municipal quotas, cf. section 7(3) and (4) and section 8(3) and (4) and on change of fixed county quotas, cf. section 7(5) and section 8(5).

10. - (1) In connection with the grant of a residence permit to a refugee, the Danish Immigration Service decides in which municipality the refugee in question is to take up his abode (allocation), but cf. subsection (2) hereof.

(2) As regards minor, unaccompanied asylum-seekers, the Danish Immigration Service may decide upon allocation after the date when a residence permit is granted to the refugees in question if necessary in order to involve them in the decision on allocation. In such cases the decision on allocation must be made within two weeks after the residence permit was granted.

(3) A refugee allocated to a municipality pursuant to subsection (1) or (2) hereof must be registered in the Central National Register (CPR) by the responsible local council as having moved to Denmark to the municipality in question. This applies irrespective of whether the refugee takes up residence temporarily in another municipality in connection with activation.

(4) Registration pursuant to subsection (3) hereof is effected not later than the date when responsibility for the refugee passes to the local council, cf. section 4.

(5) If the responsible local council fails to register a refugee under subsection (3) hereof, the Danish Immigration Service will register the refugee in the Central National Register (CPR) as having moved to Denmark to the municipality in question.

(6) Registration pursuant to subsection (3) or (5) hereof is effected whether or not the refugee takes up his abode or residence in the municipality as from the date mentioned in subsection (4) hereof.

(7) The Minister for Refugee, Immigration and Integration Affairs may lay down detailed rules on the decisions of the Danish Immigration Service under subsection (1) or (2) hereof and on registration in the Central National Register, cf. subsections (3) to (6) hereof.

**11.** - The Danish Immigration Service decides on allocation on the basis of the agreed or fixed municipal quotas, cf. section 8, the personal situation of the refugee in question and the situation in the municipality.

**12.** - (1) The local council shall assign dwellings to the refugees allocated to the municipality by the Danish Immigration Service under section 10, but cf. subsection (2) hereof, as soon as possible after the date when the responsibility for a refugee passes to the local council. If the rent exceeds half the household income, the local council cannot refuse to grant full benefits pursuant to section 15 of the Act on Individual Housing Benefits.

(2) When the local council has taken over responsibility for a refugee, cf. section 4(2), such refugee may, in very special situations, remain temporarily accommodated at a place intended for accommodation, cf. section 42a of the Aliens Act, subject to permission from the Danish Immigration Service.

(3) If not already effected, the local council shall assign a dwelling pursuant to subsection (1) hereof to a refugee as quickly as possible after such refugee has terminated a folk high school course under section 23(2)(iii).

(4) The local council defrays the expenses incidental to the refugee's removal to the municipality. If the refugee takes up residence at a folk

high school in connection with activation under section 23(2)(iii) immediately when the local council takes over responsibility, the local council shall defray the refugee's expenses relating to removal from the place where the refugee in question has been accommodated during the asylum proceedings to the folk high school.

(5) Until it is possible to assign a permanent dwelling, the local council shall assign a temporary residence to the refugee in question. The rules of the Rent Act do not apply in connection with accommodation in temporary residences.

(6) The Minister for Refugee, Immigration and Integration Affairs shall lay down detailed rules on payment for accommodation at temporary residences and collection of such payment, including for accommodation under subsection (2) hereof at the refugee's place of accommodation during the asylum proceedings.

**13.** - (1) The local council may acquire, fit out or rent properties in the municipality with a view to assisting, through letting for housing purposes, in an improved distribution of the housing possibilities of aliens on a national level, on a regional level and locally in the municipality.

(2) At the letting of a dwelling under subsection (1) hereof, the local council may give both Danish and foreign nationals priority in relation to other housing applicants when done in consideration of the need to promote aliens' possibility of integration in general.

**14.** - (Repealed)

**15.** - If the local council fails to sufficiently exploit its possibilities of assigning permanent dwellings to the refugees allocated to the municipality by the Danish Immigration Service, the Danish Immigration Service may, for the purpose of assigning dwellings to the refugees in question, conclude agreements on the acquisition, fitting out or renting of properties in the municipality on behalf of the local council and for the account of the municipality.

#### Part 4

##### *Introduction programme*

**16.** - (1) An introduction programme planned by the responsible local council must be offered to aliens who, at the date when the local council takes over responsibility, are 18 years of age or more.

(2) An introduction programme includes a Danish course, cf. sections 21 and 22, and offers under section 23. Aliens who do not receive any introduction allowance must only be offered a Danish course. The local council may give offers under section 23, cf. section 23(5), to aliens who do not receive any introduction allowance.

(3) Aliens offered an introduction programme have a duty to participate actively in the individual programme elements. The scope and contents of the individual elements of the introduction programme are laid down in an individual contract concluded between the alien and the local council, cf. section 19.

(4) The introduction programme must be commenced not later than one month after the local council has taken over responsibility for an alien.

(5) The duration of the introduction programme may not exceed three years after the local council has taken over responsibility for an alien.

(6) An introduction programme, cf. subsections (1) to (5) hereof, can be offered to minor, unaccompanied asylum-seekers issued with a residence permit under section 7 or 9c(3) of the Aliens Act.

(7) The local council shall offer aliens who satisfy the conditions therefor assistance under Part 6 of the Act on an Active Social Policy and Part 13 of the Act on Active Employment Measures instead of an introduction programme.

17. - The introduction programme for aliens given offers pursuant to section 23 must have a scope of at least 37 hours per week on average, including preparation.

18. - (1) An alien may continue his participation in an introduction programme in another municipality if the local council of that municipality accepts taking over responsibility for the introduction programme.

(2) The local council of the municipality to which the alien moves shall take over responsibility for the introduction programme if the removal is of essential importance to the course of integration of the alien in question, or if special personal circumstances otherwise so indicate.

#### *Individual contract*

19. - (1) Within one month after having taken over responsibility for an alien falling within section 16, the local council shall prepare an in-

dividual contract with the contents stipulated in section 16(2) or (7) in co-operation with the alien in question.

(2) An individual contract may be concluded with a refugee before the local council of the municipality to which the Danish Immigration Service has allocated the refugee in question, cf. section 10, takes over responsibility for such refugee, cf. section 4(2).

(3) The individual contract is concluded between the alien and the local council on the basis of an overall assessment of the individual alien's situation and needs, the purpose being that the alien finds ordinary employment as quickly as possible. This assessment must include the alien's individual skills and background as well as the needs of the labour market. If ordinary employment is not immediately a realistic goal, the contents of the contract must be planned to enable the alien to improve his possibilities of subsequently obtaining ties with the labour market.

(4) The contract must describe such aliens' occupational or educational goals and determine the contents of the activities necessary to ensure fulfilment of the goals set out in the contract. The contract must state the extent to which the alien must be offered a Danish course and be given offers under section 23 and must specify the contents thereof, including the relationship and connection between the Danish course and offers under section 23. The contract concluded may be of short-term or long-term duration.

(5) The contract must specify the sanctions applicable according to legislation to the alien if he fails to appear at or rejects one or more of the activities agreed in the individual contract.

(6) The Minister for Refugee, Immigration and Integration Affairs may lay down detailed rules governing the conclusion of the contract, its contents, layout and follow-up, cf. section 20.

(7) If no agreement on the contents of the contract can be reached, the local council will determine the contents of the individual alien's introduction programme.

20. - (1) Individual contracts must be followed up on regularly according to need, but at least every three months. Follow-up must be in the form of a personal interview. If expedient, such interview may be made by telephone, digitally or by other means.

(2) The local council may lay down guidelines for groups of aliens with a very special situation,

stipulating that an interview may be replaced by another kind of contact.

(3) It must be discussed in connection with the follow-up whether the alien's situation and needs have changed and the extent to which the local council and the alien have complied with the contract. The follow-up must include a discussion of whether the programme agreed on has been followed and of the outcome of the programme in relation to the goals set out. On that basis it must also be discussed whether changes must be made to the contents, composition and goals of the programme.

(4) As regards aliens whose only problem is unemployment, the individual alien's job search must be followed up on, and it must be checked that the data entered into the Job and CV Bank by the alien are adequate, cf. section 25a.

(5) The contract follow-up must provide a basis for the decision of the local council as to whether the alien still qualifies for assistance under this Act, including whether such alien's introduction allowance must be reduced or cease, cf. sections 30 and 31.

(6) If an alien fails to acquire knowledge of the Danish language in a systematic and targeted way within the stipulated time frame, cf. section 4(2) of the Act on Danish Courses for Adult Aliens and others, the local council shall notify the alien of the potential consequences of his inadequate acquisition of skills in the Danish language.

#### *Danish courses*

21. - (1) Within one month after having taken over responsibility for an alien falling within section 16, the local council shall offer the person in question a Danish course pursuant to the Act on Danish Courses for Adult Aliens and others. The local council shall continue the Danish course for aliens who, after being issued with a residence permit pursuant to section 7(1) or (2), or section 9b, 9c or 9e of the Aliens Act, have been given tuition in the Danish language and the Danish culture and society by the accommodation operator, cf. section 42f(7), cf. section 42a(5), of the Aliens Act, as soon as the local council has taken over responsibility for the alien in question and registered him in the Central National Register.

(2) Aliens who do not pass a final examination in Danish will be issued with a certificate of ac-

tive participation at the end of the course if the conditions therefor are satisfied, cf. section 5(5) of the Act on Danish Courses for Adult Aliens and others, and the rules issued pursuant thereto.

(3) The local council may refrain in full or in part from offering participation in a Danish course to an alien whose qualifications in Danish are deemed to be sufficient or when very special reasons otherwise so indicate.

22. - The local council shall offer a separately planned Danish course to aliens who so need and who, because of commenced employment, training or education, cannot follow the training programme otherwise offered.

#### *Possible offers, etc.*

23. - (1) The local council may offer the following to aliens who qualify for the introduction allowance pursuant to section 25:-

- (i) guidance and upgrading, cf. section 23a;
- (ii) a specially adapted job-training scheme, cf. section 23b; and
- (iii) employment with a wage supplement, cf. section 23c

(2) Offers are based on the alien's wishes and background and on labour market needs, the purpose being that the alien will obtain permanent employment and become self-supporting in full or in part as quickly as possible. The individual offers under subsection (1) hereof may be given individually or in combination.

(3) Offers under subsection (1)(i) and (ii) hereof may be given for the purpose of imparting to the individual alien an understanding of the society.

(4) The local council may refrain in full or in part from making offers to an alien when very special reasons so indicate.

(5) The local council may make offers of specially adapted job-training schemes, cf. section 23b, and employment with a wage supplement, cf. section 23c, to aliens who do not receive any introduction allowance to enable them to obtain permanent employment. The said offers may only be given if the alien is registered with the Danish Employment Service.

(6) The Minister for Refugee, Immigration and Integration Affairs lays down detailed rules on the contents of such offers.

(7) The rules laid down by the Minister for Employment pursuant to section 113 of the Act

on Active Employment Measures on compensation in case an alien is injured or causes damage in connection with participation in guidance and upgrading or specially adapted job-training schemes offered apply correspondingly.

**23a.** - (1) The local council may offer aliens guidance and upgrading, which may consist in:-

- (i) short guidance and clarification programmes;
- (ii) specially adapted projects and training, including folk high school courses, traineeships in connection with training programmes and Danish tuition in specific technical language;
- (iii) ordinary training programmes; or
- (iv) special upgrading programmes enabling them to use their educational qualifications in the Danish labour market.

(2) The purpose of such offer is to identify and develop the alien's professional, social and linguistic competencies in order to upgrade them for the Danish labour market.

(3) The duration of traineeships in connection with specially adapted training programmes, cf. subsection (1)(ii) hereof, may not exceed three months altogether, and no individual traineeship may last more than one month. Section 23b(3) applies correspondingly to traineeship periods.

(4) The production and sale of products in connection with specially adapted projects or training programmes, cf. subsection (1)(ii) hereof, may not distort competition. The guidelines laid down by the Minister for Employment pursuant to section 33(2) of the Act on Active Employment Measures apply correspondingly.

(5) The duration of special upgrading programmes, cf. subsection (1)(iv), may be up to three months. No alien may complete such upgrading programme more than once in connection with the introduction programme.

(6) Following specific assessment, the local council may offer guidance and upgrading to aliens over 30 years of age and aliens under 30 years of age who have a duty to maintain children living at home in the form of an education that makes the aliens eligible for a grant under the State Education Grant and Loan Scheme. When making the decision, the local council shall take into consideration the alien's wishes and background and assess the alien's educational desire in relation to the specific needs of the labour market for labour.

(7) The rules on training activities and the duty to report laid down by the Minister for Employment pursuant to section 108 of the Act on Active Employment Measures apply correspondingly.

**23b.** - (1) The local council may offer a specially adapted job-training scheme with a public or private enterprise to aliens who need clarification of their occupational goal, or who face difficulties in finding employment on ordinary pay and working conditions, or employment with a wage supplement, owing to lack of professional, linguistic or social competencies.

(2) The purpose of such offer is to identify and train the alien's professional, social or linguistic competencies and to identify the alien's occupational goal.

(3) Aliens participating in a specially adapted job-training scheme are not covered by the rules applicable to employees according to legislation or collective agreements. Aliens participating in a specially adapted job-training scheme are protected by the working environment legislation and the Act on Prohibition against Differential Treatment on the Labour Market, etc.

(4) The duration of a specially adapted job-training scheme is:-

- (i) up to four weeks for aliens who have no problems other than unemployment, but cf. subsection (4)(ii) hereof;
- (ii) up to 13 weeks for aliens who have no problems other than unemployment, provided that the person has no work experience, has suffered long-term unemployment or generally has difficulties in finding employment with a wage supplement; and
- (iii) up to 13 weeks for aliens who have problems in addition to unemployment.

(5) Upon specific assessment, the job training period may be extended to up to 26 weeks for aliens falling within subsection (4)(ii) and (iii) hereof. If the alien has a special need for a longer period, the period may be extended even further upon specific and individual assessment.

(6) An alien who accepts a specially adapted job-training scheme will receive an employment supplement corresponding to the employment supplement granted under section 45(3) of the Act on Active Employment Measures in addition to the introduction allowance.

(7) The rules of sections 48 and 49 of the Act on Active Employment Measures on the rela-

tionship to the company employees, distortion of competition, etc., and the rules laid down by the Minister for Employment pursuant to section 50 of the Act on Active Employment Measures and section 20 of the Act on Responsibility for and Management of Active Employment Measures apply correspondingly to aliens offered a specially adapted job-training scheme.

**23c.** - (1) The local council may offer aliens employment with a wage supplement with public or private employers. Offers of employment with a wage supplement are given for the purpose of training and refreshing of professional, social or linguistic competencies.

(2) An offer of employment with a wage supplement may be given for a period of up to one year.

(3) Sections 54, 55 and 59 on pay and working conditions, sections 60 and 61 on additional employees, etc., and sections 63 to 65 on wage supplements of the Act on Active Employment Measures towards persons receiving cash assistance or starting assistance under the Act on an Active Social Policy apply correspondingly to aliens who are offered employment with a wage supplement. The Minister for Refugee, Immigration and Integration Affairs may determine that the rules laid down by the Minister for Employment pursuant to section 68 of the Act on Active Employment Measures will apply correspondingly, in full or in part, to aliens offered employment with a wage supplement.

**23d.** - In order to strengthen the introduction to a workplace or to an education programme for aliens who participate in an offer under sections 23a to 23c, support for a mentor function may be provided. A mentor is an employee of the company or educational institution, or an external consultant, who carries out a special task of introducing, guiding or training the alien in addition to what the employer or educational institution is usually expected to do. Sections 78 to 80 of the Act on Active Employment Measures and the rules laid down by the Minister for Employment pursuant to section 81 of the Act on Active Employment Measures apply correspondingly.

**24.** - (1) Aliens receiving offers under sections 23a and 23b for a period of 12 consecutive months or more, must be granted a leisure period of one month in addition to the period fixed so that the offer period does not exceed 11 months

within a period of 12 months. The local council shall endeavour to schedule the leisure period by agreement with the alien.

(2) During the leisure period the alien has no duty to exploit his possibilities of work under section 25(3).

*Grants for expenses for upgrading, introduction and aids in connection with employment*

**24a.** - (1) By agreement with an employer, the local council may offer upgrading, cf. section 23a, to any alien employed without a wage supplement, including aliens employed under special wage and employment conditions set out by the labour market parties owing to insufficient linguistic and maybe professional competencies. It is a condition for upgrading grants that the company is not usually expected to provide such upgrading.

(2) The local council may also pay grants for expenses related to a mentor function, cf. section 23d, for aliens employed without any wage supplement. It is a condition for payment of grants for a mentor function that such mentor function is vital for employment of the alien without any wage supplement.

(3) The local council may pay grants in the form of work implements and minor workplace adjustments for aliens employed without any wage supplement. It is a condition for payment of grants for work implements and minor workplace adjustments that such grant is vital for the alien to maintain or obtain his employment or that the work implement or workplace adjustment compensates for limitation of the alien's work capacity.

(4) The rules laid down by the Minister for Employment pursuant to section 100(4) of the Act on Active Employment Measures on grants for aids apply correspondingly.

(5) The Minister for Refugee, Immigration and Integration Affairs shall lay down detailed rules on the contents of the upgrading programmes that may be offered under subsection (1) hereof.

Part 5

*Introduction allowance*

**25.** - (1) Aliens offered an introduction programme, cf. section 16, qualify under the rules of this Part for an introduction allowance for up to three years from the date when the responsibility

passes to the local council and the alien has claimed the introduction allowance. The local council decides on payment of the introduction allowance under the rules of this Part.

(2) Aliens staying abroad do not qualify for the introduction allowance. Section 5(2) and (3) of the Act on an Active Social Policy on the possibility of retaining the right to assistance during a stay abroad apply correspondingly to aliens receiving the introduction allowance.

(3) The introduction allowance can only be paid out if the alien and his spouse do not have a reasonable offer of work. It is also a condition for an alien whose only problem is unemployment that the alien actively seeks to exploit his possibilities of work. The alien shall also apply for a specific job if so required by the Danish Employment Service or the local council in cases where the employer has not agreed with the Danish Employment Service or the local council that jobseekers will be referred to him.

(4) The alien or the spouse cannot be required to accept work or seek work under subsection (3) hereof if:-

- (i) the offer cannot be considered a reasonable offer owing to circumstances related to the contents of the offer;
- (ii) the person in question cannot work owing to illness, or there is a risk of impairment of health if the work carried out so far is continued;
- (iii) the distance between abode and place of work entails an unreasonable burden on the person in question owing to transport difficulties or the time spent on transportation;
- (iv) the person in question is entitled to absence owing to pregnancy, childbirth or adoption to the extent that he is entitled to daily cash benefits in connection with pregnancy, childbirth and adoption under the provisions of section 12(1) and (2), section 13(1), (2) and (7), section 14(1) to (3) and (8), and section 15(1) and (2) of the Act on Daily Cash Benefits in the event of Sickness or Maternity;
- (v) the person in question has to mind his children, and no other child minding arrangement can be offered;
- (vi) the person in question receives support under the Act on Social Services for minding a disabled child or a dying close relative or under the Act on Daily Cash Benefits in the

event of Sickness or Maternity for minding a seriously ill child;

(vii) the work falls within a dispute under a collective agreement; or

(viii) the work includes the development and manufacture of war material.

(5) If the alien or his spouse has problems in addition to unemployment, the local council shall assess whether, in the individual case, any circumstances other than those mentioned in subsection (4) hereof may justify why the person shall not exploit his possibilities of work.

(6) The rule of subsection (3) hereof does not apply to the alien's spouse if the spouse receives a public maintenance allowance that is not conditional upon the claimant exploiting his possibilities of work. The same applies when the spouse is enrolled in a training or education programme.

(7) The Minister for Refugee, Immigration and Integration Affairs may lay down rules on aliens' duty to exploit their possibilities of work, including that the duty to exploit one's possibility of work may be deviated from in connection with participation in offers under this Act. The Minister may also lay down rules stipulating when the local council shall request a waiver of notice if the claimant or his spouse has a part-time job.
