

EDUSKUNTA – PARLIAMENT OF FINLAND

Agriculture and Forestry Committee

26 February 2007

---

**To:** Participants of the Conference of Agriculture Committees  
of EU National Parliaments and the European Parliament  
12-13 October 2006

**Dear Colleague,**

Please find enclosed the Summary of Proceedings of the Conference of Agriculture Committees of EU National Parliaments and the European Parliament. The Conference was held 12 – 13 October 2006 in Helsinki under the Finnish EU Presidency.

The objective of the Conference was to discuss the theme "*European Model of Agriculture – Challenges Ahead*" covering different points of view. I am convinced that this objective was reached and that the Conference increased our understanding of the dynamics of the European Model of Agriculture which we aim to develop.

On behalf of the Eduskunta's Agriculture and Forestry Committee, I would like to take the opportunity to thank all the participants very much for their contribution to the Conference.

Yours sincerely

Eero Lämsä  
Chairperson to the Agriculture and Forestry Committee  
Eduskunta
