

Annex 1: Proposed Sector Presence of KJAS Partners

As the chart currently stands, the symbol of for lead donor/chair also includes where donors have assessed that their agencies have comparative advantage in the sector, but have not yet specified if they are prepared to lead the sector. Therefore, the number of lead roles for some agencies may be artificially high on this chart, but will be reduced as agencies specify their leadership preferences. Additionally, some issues such as gender and environment are mainstreamed across an agency's entire program. Therefore no indication for presence in a cross-cutting sector does not mean no involvement.

The chart is based on responses to comparative advantage questionnaire, follow on survey, and subsequent updates.

Current List of Sector Groups	Lead Ministry	ADB*	CANADA	DENMARK	EC	FRANCE	FINLAND	GERMANY	ITALY	JAPAN	NETHERLANDS	NORWAY	SPAIN	SWEDEN	UK	UN SYSTEM	US	WORLD BANK	Total proposed leads	Total lead/active in each sector
