

Nyhedsbrev om Copenhagen Climate Lectures
(Please find English version below)

Kære MPU,

Københavns Universitet afholder en række Climate Lectures frem til FN's Klimakonference i København i november-december 2009 og frem til den [internationale videnskabelige kongres "Climate Change: Global Risks, Challenges & Decisions" 10.-12. marts 2009](#), som Københavns Universitet arrangerer i samarbejde med ni førende internationale universiteter i [International Alliance of Research Universities \(IARU\)](#).

Med Climate Lectures serien stiller universitet skarpt på klimaet og præsenterer en bred forelæsningsrække, som dækker de mange forskellige aspekter i debatten. Danske og udenlandske politikere, meningsdannere og forskere vil skiftevis gæste universitetet. Alle er velkomne til at deltage, men tilmelding er nødvendig på www.klima.ku.dk.

Se rækken af talere på:
www.klima.ku.dk/climate_lectures

Næste Climate Lecture:
Dr. Wade Troxell fra Colorado State University (CSU), kommer og fortæller om noget af den nyeste forskning indenfor vind- og solenergi i den sidste Climate Lecture

inden sommerferien. CSU er langt fremme på området og er på vej til at få sit eget energiforbrug dækket 100 pct. af vedvarende energi.

Tid: Den 20. juni 2008 kl. 15.00-16.30

Sted: Alexandersalen, Bispetorvet 3, København K

Læs mere og tilmeld dig på:

www.klima.ku.dk/climate_lectures/wade_troxell

Kommende Climate Lectures:

Professor Mohan Munasinghe, næstformand for IPCC

Tid: Den 9. september 2008 kl. 10.00-11.30

Sted: Festsalen, Frue Plads, København K

Læs mere og tilmeld dig her:

www.klima.ku.dk/climate_lectures/6._mohan_munasinghe_ipcc

Ditlev Engel, CEO i Vestas

Tid: Den 2. marts 2009 kl. 16.00-17.30

Sted: Festsalen, Frue Plads, København K

Mere information følger senere

Dr. James E. Hansen, leder af NASA Goddard Institute for Space Studies

Time: Den 9. marts 2009 kl. 10.00-11.30

Place: Festsalen, Frue Plads, København K

Mere information følger senere

Listen vil løbende blive opdateret med flere Climate Lectures.

For eventuelle spørgsmål kontakt: Charlotte Brix Andersen, fuldmægtig i Klimasekretariatet, email: chba@adm.ku.dk

English Summary

Newsletter about Copenhagen Climate Lectures

Dear All

The University of Copenhagen is arranging a series of distinct Climate Lectures in the run-up to the UN Climate Conference in Copenhagen in November-December 2009 and in the run-up to the [International](#)

Scientific Congress "Climate Change: Global Risks, Challenges & Decisions" on March 10-12 2009. The University of Copenhagen is hosting the congress and is arranging it in cooperation with its partners in the [International Alliance of Research Universities \(IARU\)](#).

The Climate Lecture series presents a wide range of climate change issues. Danish and foreign politicians, opinion formers and scientists will visit the University and present their views on how to tackle climate change problems in the future. Everyone is welcome but registration is necessary at www.climate.ku.dk

See previous Climate Lectures here:
www.climate.ku.dk/climate_lectures

Next Climate Lecture:

Dr. Wade Troxell from Colorado State University (CSU). He will speak about some of the latest research within the field of wind and solar energy in this last Climate Lecture before the summer break. CSU is leading within the field and is on its way to becoming 100 pct. green on the basis of a new wind project and their own test facility.

Time: June 20, 2008 at 15.00-16.30

Place: Alexandersalen, Bispetorvet 3, Copenhagen

Read more and sign-up here:
www.climate.ku.dk/climate_lectures/wade_troxell

Coming Climate Lectures:

Professor Mohan Munasinghe, vice-chair of the IPCC

Time: September 9, 2008 at 10.00-11.30

Place: Ceremonial Hall, Frue Plads, Copenhagen

Read more and sign-up here
www.climate.ku.dk/climate_lectures/6._mohan_munasinghe_ipcc

Mr. Ditlev Engel, Group President and CEO, Vestas

Time: March 2, 2009 at 16.00-17.30

Place: Ceremonial Hall, Frue Plads, Copenhagen

More information will follow later

Dr. James E. Hansen, Head of NASA Goddard Institute for Space Studies

Time: March 9, 2009 at 10.00-11.30

Place: Ceremonial Hall, Frue Plads, Copenhagen

More information will follow later

The list of Climate Lectures will continually be updated with more lectures.
