Dear Madam/Sir,

What role for innovation, biofuels, nuclear energy or environmentally responsible finance in tackling climate change? How can we maximise the benefits of sovereign wealth funds for both home and host countries? How much policy stimulus is needed to revive the struggling world economy?

These are some of the issues to be addressed at OECD Forum 2008, "Climate Change, Growth, Stability", which will be held at the OECD Conference Centre, Paris on 3rd and 4th June. The enclosed brochure provides more details on the event and how to register. You can also follow the preparations for OECD Forum 2008 and register your participation on our website: www.oecd.org/forum2008.

I look forward to welcoming you to Forum 2008.

With my best regards,

Yours sincerely,
