Ms Gitte Seeberg MF
Chair of the Foreign Affairs Committee
Folketinget
Christiansborg
DK-1240 Copenhagen K
DENMARK

I am writing on behalf of my colleagues on the International Development Committee to thank you and your colleagues for taking the time to meet us at the Folketinget during our recent visit to Copenhagen.

The insights which you shared with us were extremely helpful and your considered responses to our questions were appreciated by us all. Our exchange on parliamentary oversight of development policy and on Afghanistan were particularly interesting for us. I would be grateful if you could pass on our thanks to those of your Committee colleagues who were also able to attend the meeting.

Our time in Copenhagen was fascinating and we gathered a large volume of information which we will feed into our inquiry on Co-ordination for Aid Effectiveness. I hope that our Committees will be able to remain in contact and exchange such ideas as often as possible.

Rt Hon Malcolm Bruce, MP
Chairman, International Development Committee
