August 17, 2009

Dear Mr. Steen Gade:

I am pleased to invite you, on behalf of the Environment Protection and Resources Conservation Committee of the National People's Congress (NPC) of China, to participate in the International Forum on Environment and Resources Legislation and Sustainable Development to be held in Beijing on 15-16 October 2009. The forum will start at 9:00 on 15 October. You are kindly requested to arrive on 14 October, since there will be an informal reception on that evening. The meeting will be followed by a one-day tour.

The forum, hosted by the Environment Protection and Resources Conservation Committee of the NPC, will be held at the NPC conference center in Beijing. We are working to arrange a meeting of the participants with NPC Chairman Wu Bangguo. Attached is a tentative agenda. And you will be informed of the detailed arrangements as soon as they are finalized.

The theme of the forum is "Legislative Actions to Promote New and Renewable Energy Development". There will be two topics for discussion:

- ① Actions to promote new and renewable energy development—law and policy
- ② International cooperation on new and renewable energy—technology transfer and financial support

The forum, bringing together parliamentarians to share experiences and offer specific suggestions on these topics, will help to provide guidance for our future work. Please confirm who from your country will speak at the forum (as indicated in the tentative agenda) as soon as possible.

---

Simultaneous interpretation will be available in six languages: English, Spanish, Portuguese, Japanese, Korean and Chinese. The Secretariat will cover the cost of participants' accommodation in Beijing during the forum while the participants shall bear the expenses for their international transportation.

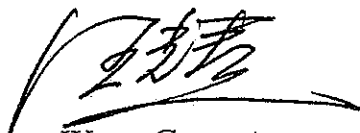

We would appreciate it if you could fill in the attached application form for your participation and email it to us at [ly5788@cma.gov.cn](mailto:ly5788@cma.gov.cn) or fax it to us at (+)86-10-63098439. Please provide a photo and a biographical note in English to be included in the forum handbook.
