To the Member States to the Council of
Europe and European Union
(To the
Danish State))

Regarding GLOBAL
JUSTICE and Europe

Dear President,

The Human Rights Committee has been working to establish GLOBAL JUSTICE since 1989. It has received many letters and messages from the Council of Europe and European Union. Based on the letters and messages of the Council of Europe and European Union I must ask you of the following questions.

1. Is GLOBAL JUSTICE my individual case ?

The Human Rights Committee has worked for GGLOBAL JUSTICE, therefore Norway has

threatened the ideologist of GLOBAL JUSTICE with death. The Human Rights Committee has informed the member states to the Council of Europe and European Union, European Organisations, Institutions and media in Europe regarding death threat of Norway against GLOBAL JUSTICE. Therefore, I must ask you of the following question.

Have you and Denmark done anything against Norway for GLOBAL JUSTICE ?

The Human Rights Committee has worked for Human Rights and GLOBAL JUSTICE for 20 years, it has never received any money, donation and economic assistance from any country, nation, people, state, government, organisation, party, institutions and persons in the world within 20 years. Therefore, I ask you of the following question.

Is there any organisations, institutions, states and governments in Europe like the Human Rights Committee ?

The Human Rights Committee has also worked for Global Laws, Global Court, Global Security, Good Future of the World's People, Clean World, Development of Human Rights. It has taken action against pollution and bombing of Nature.

The Human Rights Committee has begun to work and activities for Human Rights and GLOBAL JUSTICE 20 years ago, then there were no organisations, institutions, states, governments and media which have mentioned Global Warming, Global Economy, Globalisation, Global Finance and etc. Now many presidents, prime ministers, politicians, organisations, institutions, governments, states and media are talking about Global Warming, Global Economy, Globalisation, Global Finance and etc.

I must remind you that, a country (Norway) from Europe has threatened UNIVERSAL IDEOLOGY with death, but Europe has never created any UNIVERSAL IDEOLOGY. Moreover, nothing in the world is UNIVERSAL except GLOBAL JUSTICE.

I must inform you that, your reply to the above-mentioned questions will determine whether Europe is deserved to GLOBAL JUSTICE or not. Therefore, the Human Rights Committee is waiting your reply as soon as possible.

very truly,

Yours

Atilla

Gøk

The representative for the Human Rights

Committee and the ideologist of

JUSTICE
