

# SAFENCE

## 2+1 Lane Road

Blue Systems, Sweden og Brdr. Markussen, Denmark have since 1993 produced road safety barriers under the brand name **SAFENCE**. The system cover all need for barriers: highways - 2+1 roads and slope fence.

The advantage with this cable barrier is: high security - quick installation - easy repairing - low cost. Since starting in 1992 we have supplied more than 3.000 km of Safence barrier
