Dear Dr. Efraim Zuroff,

Thank you for your letter of 28 May 2008 regarding the progress of the Danish investigation and current status of the case concerning extradition of the German national Søren Kam for criminal prosecution in Denmark.

As mentioned in my letter of 20 February 2007 to you, I have forwarded your letter of 7 February 2007 and the enclosed material to the Copenhagen Police, in order for the Copenhagen Police to consider, if there according to Danish law is basis for a criminal case.

I can inform you that after having completed the investigation of the case the Copenhagen Police has submitted the case to the Regional Prosecutor for Copenhagen and Bornholm who has the competence to decide whether there is basis for a criminal case.

Finally, I thank you for your kind offer to come to Copenhagen. However I do not think a personal meeting would bring the Danish investigation further at this stage.

Yours sincerely,

**Lene Espersen**
