Creating Growth and Jobs in the EU

Join the debate!

➔ **28 January 2010**

9.00 – 12.00

Danisco A/S

Langebrogade 1, Copenhagen

The "Lisbon Strategy", later revamped as the "Growth and Jobs Strategy", was adopted by the European Council in the year 2000, with the aim to make the EU the most dynamic and competitive knowledge-based economy in the world. Ten years later, the EU and the world is struggling with the worst economic crisis ever. During the Spanish Presidency, the European Council is expected to adopt the successor to the Growth and Jobs Strategy, the so-called EU2020 strategy.

Seize the opportunity to discuss the priorities and the tools in the strategy which will increase competitiveness to the benefit of growth and jobs in the EU. In addition, you are invited to participate in the 2-month online consultation on the EU 2020 Strategy. Please visit ec.europa.eu/eu2020.
