Dato 23/4-12 kl.

Mr. Mogens Lykketoft
Speaker of the Danish Parliament
Folketinget
Christiansborg
DK-1240 København K

25th March 2012

Dear Mr. Lykketoft,

We write on behalf of three Croatian Alumni Associations from Germany, France and UK. As associations of graduates and postgraduates from universities in Croatia and their friends, we follow and support the formation of a democratic society in Croatia.

We welcome the successful completion of negotiations between the European Commission and the Republic of Croatia, supported by the European Parliament, for Croatia's accession to the European Union. AMAC/AMCA is keenly looking forward to the moment when Croatia becomes a member of the European Union. Joining the European Union represents a milestone for Croatia on the way to a modern, open society.

The referendum on 22nd January 2012 clearly demonstrated the willingness of Croatians citizens to enter the European Union. Acceptance of Croatia's entry into the European Union is not only a gain for Croatia and the current EU members, but also for neighboring countries that aim towards a tighter integration with European structures.

We urge you to vote for the approval of the accession treaty in the upcoming ratification process.

We kindly ask you to and will be very grateful when you supply a copy of this letter to all members of the Folketing.

Thank you in advance for your support of the Republic of Croatia at this final step to joining the European Union.

Yours sincerely

Nenad Bićanić, Emeritus Professor, President AMAC - UK

Aleksandra Brnetić, Journalist, President AMAC - Deutschland e. V.

Damir Perinić, Architect, President AMCA - Paris

PS Please bear with me that we supply this letter only in Croatian, German, English and French.
