Emne: European initiatives on pensions

Dear reader,

Please find enclosed a letter by the rapporteur on pensions of the Dutch House of Representatives to the Chair of the Social Services Committee, on some recent and forthcoming European initiatives on (occupational) pensions. In addition you will find enclosed a position paper by the Dutch House of representatives on the European Commission's White Paper on Pensions.

Of course the rapporteur, MP Pieter Omtzigt, will be happy to discuss and explain this issue - which is of vital importance to the Netherlands – with members of the Social Services Committee in person. I would appreciate it if you could let me know whether your Committee would be interested to do so and if so when it would be most feasible.

An identical letter is sent to the Chair of the European Affairs Committee.

Best regards,
