RIO+20 KONFERENCE OM BÆREDYGTIG UDVIKLING

Dato: Onsdag den 16. maj kl. 09.00 – 15.30

Sted: Borups Højskole, Frederiksholm Kanal 24, 1220 København K.

92-gruppen inviterer til konference om Rio+20 topmødet til juni.

På konferencen vil den danske miljøminister og udviklingsminister, danske og internationale NGO-repræsentanter diskutere status for den globale bæredygtige udvikling samt hvilke beslutninger, der skal tages på topmødet for at ændre udviklingen i en mere bæredygtig retning.

Der vil være præsentationer om udviklings og miljø problemstillinger, diskussion af de vigtigste emner på Rio+20 og 92-gruppens positioner med fokus på temaerne: energi, fødevarer sikkerhed, god regeringsførelse, grøn økonomi og de globale bæredygtigheds mål.

Konferencen vil give et overblik over relevante temaer i forhold til nogle af de udfordringer verdens ledere står over for, når de i juni skal opnå enighed om en handlingsplan, der skal sikre en global bæredygtig udvikling.

Tilmelding:

Det er et begrænset antal pladser og fristen for tilmelding er den 11. maj.
