ABOUT DACAAR

DACAAR is an apolitical, non-governmental, non-profit development organisation that has been working to improve the lives of the Afghan people for 28 years.

DACAAR works in rural areas and aims at improving rural livelihoods through sustainable activities that engage Afghan communities to be agents of their own development process. DACAAR employs a holistic approach to all rural development activities in order to ensure long-term sustainability.

Over eight million Afghans across 28 of Afghanistan's 34 provinces have benefited from DACAAR development and humanitarian activities since it was established.
