Dear Torbjørn Christensen,

We acknowledge receipt of your letter of June 1, received by email June 4, expressing interest in sales data, exclusively to Danish consumers, for specific consumer product categories from our members in Schleswig-Holstein and Mecklenburg-Vorpommern.

We appreciate your interest in researching for broader data bases for your internal Danish use and publications to monitor cross border trade by Danish consumers, however, IGG, a trade association, does not, collect any sales data or marketing related information from our members in any form. We are, also in this respect, adhering to advice from our legal counselors to the effect that holding, discussing or disclosing any sales or other marketing related information, from any IGG member, a group of IGG members or the total IGG member group, could be construed as a breach of current German, and indeed EU, competitive legislation.

Consequently we regret being unable to assist you in your endeavors.

Sincerely,

IGG
Interessengemeinschaft der Grenzhändler
