## Save-the-date for visit of ARTEC in Munich regarding APC-R Programme

Dear Sirs or Madams,

ARTEC is pleased to participate in the competition for the Danish APC-R Programme with its 8x8 BOXER vehicle, already being contracted by Germany and the Netherlands. We are confident that the vehicle would provide a proven and state-of-the-art solution to the Danish Armed Forces.

Our corresponding offer was already provided to DALO in early November. As the candidates for the 'short-list' have not yet been announced by DALO, we have allowed ourselves to address you for a 'save-the-date' end of February, to pave the way to a visit to Munich, once selected for the 'short-list' by DALO.

Therefore ARTEC – on behalf of its shareholders Krauss-Maffei Wegmann and Rheinmetall MAN Military Vehicles – is pleased to ask you to 'save-the-date' for February 21, 2013.

Date: 21.2.2013  
Location: Munich  
Duration: 1 day (with one overnight stay in Munich)  
Participants:

- Members of Danish Defence Committee
- Corresponding high-level representatives of German Ministry of Defence
- Representatives of The Netherlands Ministry of Defence

- Representatives of ARTEC and its Shareholders

Proposed agenda:

0. Arrival at the Munich airport and transfer to ARTEC
1. Welcome by ARTEC and its shareholders
2. Brief introduction into BOXER incl. opportunities for Danish industry (by ARTEC)
3. Experience with BOXER in deployment (by German Army; to be confirmed)
4. Visit of BOXER production line
5. Driving BOXER on test track
6. Questions & Answers
7. Government-to-Government session without participation of industry
8. Closing remarks
9. Transfer to the hotel

ARTEC would be honoured if we can invite you for dinner in a Munich restaurant in the evening.

Organisational issues: ARTEC is willing to organise all transfers in Munich (from/to airport, hotel, ARTEC) and is pleased to recommend a suitable hotel.

We are looking forward to providing you with the final agenda incl. the representatives of the German and The Netherlands Government with the formal invitation, once selected for the 'short-list'. Please do not hesitate us to contact us if we can assist in the preparation or organisation or if you want to place further items on the agenda.

Glædelig Jul og Godt Nytår.

Yours faithfully,

ARTEC GmbH

Stefan Lischka
