The JRC

...is the European Commission's in-house science service. It provides independent scientific advice for policy decisions, with a view to ensuring that the European Union achieves its Europe 2020 goals for a productive economy as well as a safe, secure and sustainable future. The JRC includes 7 institutes in 5 European countries and collaborates extensively with over 1000 public and private organizations, institutions and expert groups. <http://ec.europa.eu/dgs/jrc/index.cfm>
