Unlocking the Potential of Migrants in Europe:

From Isolation to Multi-level Integration

NH Hotel du Grand Sablon, Brussels

Wednesday 2nd July 2014

[Event Details](#) [Website](#) [Register to Attend](#)

The *Europe 2020 Strategy* and the *Stockholm Programme* recognise the potential of migration for building a competitive and sustainable economy. Currently, however, there are wide socio-economic disparities between third-country nationals and EU citizens, with immigrants experiencing higher rates of unemployment, over-qualification, low economic achievement, low income and poor health.

Three years on since the renewed ***European Agenda for the Integration of Third-Country Nationals***, this timely international symposium provides an invaluable opportunity to discuss the current challenges of migration and integration in Europe, and to reignite the debate about an EU-wide strategy to improve integration policies across Member States.
