Comments on the Draft Regulation amending Regulation (EC) No. 906/2009 on Liner Shipping Consortia as regards its period of application

The Danish government welcomes this opportunity to comment on the Commission's proposal on extending the regulation on a block exemption to liner shipping consortia from the prohibition in article 101 (1), subject to certain conditions.

The Danish government supports the general prohibition in article 101 (1) but understands that it can be important to grant block exemptions in certain sectors, and therefore we support the extension of regulation (EC) no. 906/2009.

Yours sincerely

Henrik Sass Larsen
