Emne: Whaling massacre Faroe Islands aided by Danish Navy

Dear Sir/madam

I am writing to you to share with you my horror and shame over the 35 whales killed over the weekend in the Faroe islands which was aided by the Danish Navy. Denmark as part of the EU should be following the same rules where whaling is banned. Yet they instead helped the people who kill these whales inhumanely. This sickening act makes me ashamed of the human race. I say to the people of Denmark rise up against your navy and be the voice for these helpless animals who are unable to defend themselves. I am so proud of those that stood up against these people especially my countrymen the 2 South Africans. We are the voice for today's wild animals which a minority of humans are destroying for their own gratification.

Just sickening!!!!

Yours sincerely

Mrs Wray
