

We are pleased to announce that the European Parliamentary Week (EPW) will take place from 20 to 22 January 2014 at the EP premises in Brussels. The EPW will bring together parliamentarians from all over the European Union to discuss economic, budgetary and social matters.

We are particularly pleased to host within the framework of the EPW the Interparliamentary Conference on Economic Governance of the European Union. Based on Article 13 of the Treaty on Stability, Coordination and Governance (TSCG), the Conference is co-organised and co-presided by the Hellenic Parliament and the European Parliament. Following on from the inaugural Conference in Vilnius, Lithuania, it is aimed at further developing the cooperation of the Parliaments of the European Union in relation to matters covered by the TSCG.

We very much hope that your Parliament/Chamber will be represented at the event. The programme and further details about the EPW will follow in due course.

Martin Schulz
President of the European Parliament

Vangelis Meimarakis
Speaker of the Hellenic Parliament
