

Danish Ministry  
of the Environment

Minister  
for the environment

Dated: **17 FEB. 2014**

Mr. Hendrick Kerlen  
Westermarkelsdorf 12a  
D-23769 Fehmarn  
Germany

Dear Hendrick Kerlen,

Thank you for your letter of 14 February 2014 in which you ask for the current status on the German responses to the public hearing of the Femern Belt Project.

The Danish Ministry of Transport is responsible for the dossier and they have informed me the following:

"The Danish Ministry of Transport and Femern A/S are in the process of carefully assessing all of the comments submitted in the Danish Espoo consultation process.

The results and conclusions will be described in a report. The report can be expected later this year but at the moment it is not possible to give an exact date."

Yours sincerely,

A handwritten signature in blue ink, appearing to read "Kirsten Brosbøl".
