Excellency,

We are pleased to inform you that Italy's Senate of the Republic and Chamber of Deputies, in cooperation with the OECD, are organising a high-level parliamentary seminar on *Reforms for Growth in Europe*, to be held in the Senate in Rome on 25-26 June 2015. The seminar is targeted to European countries, which are members of the EU or the OECD.

The seminar will focus on growth policies in Europe and will provide an opportunity to exchange views on the best strategies to consolidate crisis exit processes. In this framework, the agenda will include sessions on the labour market; education and training; tax policies; public sector and public services performance at a time of spending review; the fight against corruption. The OECD Secretary-General is expected to participate.

We would like to ask you to appoint a delegation from your Assembly, which should include two Members and one staff. Simultaneous interpretation in English, French and Italian will be provided. A limited number of booths – to be assigned on a first come first served basis – will be made available to delegations bringing their own interpreters. A draft agenda, practical information and registration instructions are herewith attached.
