Emne: INVITATION to presentation of DTU International Energy Report 2015

DTU hereby has the pleasure of inviting you to the presentation of

**DTU International Energy Report 2015:
Energy systems integration for the transition to non-fossil energy systems**

High shares of sustainable energy pose challenges for the power grid. Other energy infrastructures like gas, heating/cooling, and liquid fuels have different characteristics that might support the power grid, if all energy systems are integrated. This is the focus of DTU International Energy Report 2015.

Date

Tuesday 10 November 2015

Venue

Oticon Hall, DTU, Anker Engelundsvej 1, 2800 Lyngby, Denmark

Time

11:30 – 17:30

[DOWNLOAD PROGRAMME](#)

Deadline for registration

Tuesday 3 November 2015

Participation is free, but registration is mandatory

Further information
