

Dear Christian Juhl,

Please find Invitation to a Conference on Western Sahara in Madrid, Spain:

40th, EUCOCO MADRID 13th, – 14th, November 2015

The European Coordination Conference for Solidarity with the Sahrawi People (EUCOCO) has been there since 1975, every year in a different city: Paris, Barcelona, Rome, Valencia, Brussels, Modena, and Vitoria-Gasteiz.

The EUCOCOs are undoubtedly the most important annual meeting of the European Solidarity Movement with the Saharawi People. EUCOCO welcomes people from the five continents.

Government representatives that recognize the SADR national and international elective representatives and members of parliaments, regional governments, town councils of Spain, political and syndicalism organizations, associations of friends of the Saharawi people, NGOs in general, jurists, personalities from the cultural world... All of them participate every year in this mandatory MEETING on SOLIDARITY.

So does, at the highest level, the Saharawi people, represented by the President of the SADR and Secretary-General of the Polisario Front and other authorities of the Saharawi Government, as well as Human Rights activists and Saharawi ambassadors and delegates in many countries.

Why in Madrid for a second consecutive time? The Conference is to coincide with the 40th anniversary of the illegal Madrid Accords – by which the last government of the Spanish dictatorship abandoned and betrayed the Sahrawi People.

Forty years afterwards we believe and trust that the city of Madrid will be remembered after the EUCOCO, after signing Treaties for the FREEDOM and INDEPENDENCE of the Sahrawi People, standing up for the International Law and the Human Rights, as well as writing the MADRID COUNTER-DECLARATION and signing a Political and Social Agreement for the Decolonization of Western Sahara. Therefore, these documents will reflect that Spain has been historically, morally and politically indebted with the Sahrawi people since 1975.
