Dato 10/7-15 Kl.

Dear Mrs. Kjaersgaard,

The annual **Homeland & Global Security Forum** organized by the **Crans Montana Forum** will take place in **Geneva** (Switzerland) on **October 14 to 16, 2015**. You will find attached the preliminary Program addressing all key issues related to the **World's Global Security** especially in *your Region*.

I invite you to join this event and **chair these important debates**. You will also have the opportunity to share your analysis and vision. We are prepared to provide you and your Delegation with a special and prestigious place in our Program.

I would also like to underline an exceptional and joint Initiative of the Forum and **Mr. Dominique de Villepin**. We organize a private and high level Course on **Saturday October 17, 2015** (*as a continuation of the Forum*) for (1) Heads of States and Governments, (2) Ministers and (3) Governments Advisors. The topic is **"The New Concepts of Governance – which Strategies should we adopt to manage global threats?"** You will find the Program attached.

When it comes to the daily decision process you permanently deal with, it may happen that your Advisors suffer of a lack of **information** and **experience**. The aim of this Special Course is to propose the tools required for the (1) analysis, (2) the diagnostic and (3) the decision making. *This October 17 session could also be followed, if you wish so, by an in-depth and broadened follow-up in your capital.*

I do hope to welcome you and your Delegation on the occasion of the Forum and the postgraduate Program.

Yours sincerely,

J.-P. Cartier A circular stamp with the text "CRANS MONTANA FORUM" around the perimeter and "FONDATION DU CRANS MONTANA UNIVERSALE" in the center.
