**EUFORES 16th Inter-Parliamentary Meeting
on Renewable Energy and Energy Efficiency (IPM16)**

"Security and growth potentials in the Energy Union"

7 & 8 October 2016, Parliament of Denmark, Copenhagen

Dear **Finn** of **Sørensen,**
Dear **Member** of **Parliament,**

EUFORES has the honour to invite you to its annual Inter-Parliamentary Meeting on Renewable Energy and Energy Efficiency, which will take place on **7 & 8 October 2016** in the **Parliament of Denmark, Copenhagen.**

Invited

speakers

Mogherini

Jensen

Turmes

Lidegaard

Sečovic

Baake

Kofod

Schetyna

Griffin

Masiulis

Claude Turmes
President

Theresa Griffin
Vice-President

Jeppe Kofod
Vice-President

Dr. Jan Geiss
Secretary General

The EU Energy Union implies huge potentials in terms of energy security - both when it comes to internal and external security.

Internally, clear targets on RES & EE and a revitalised internal energy market with sufficient infrastructure and regulation will offer clean, safe and cheap energy for European business and citizens.

Externally, the energy union could develop into one of the strongest tools for European foreign policy, both when it comes to implement COP 21 and when it comes to use the energy policy both as a stick and as a carrot in bilateral relations.

Thus, EUFORES wants to take the debate of the security potentials in the Energy Union to a new stage.

For more details please check the [official agenda of the IPM16](#):

2016 and 2017 will be most intense years of European policy making when it comes to renewable energy and energy efficiency legislation. The EU Energy Union is at the core of this legislative endeavour. Members of parliament will play a key role in defining and implementing this new package of legislations.

EUFORES gathers with its 16th Inter-Parliamentary Meeting Members of Parliament from the whole EU - from the European, national and regional level - to discuss and further develop these legislative projects.

Core topics of the parliamentary meeting will therefore be:

- EU Energy Union
- International security and the role of the Energy Union
- The new Renewable Energy Directive
- The new power market design
- The review of energy efficiency related Directives (Energy Efficiency Directive, Labelling Directive, Energy Performance of Buildings Directive etc.)
- The Northern Seas: The power house of Europe
- The role of Renewables for Heating and Cooling
- Renewables and efficiency in the transport sector
- Energy efficiency and renewables in the hands of the citizens

High level speakers will discuss with members of parliament from all over Europe during this two day conference.

We invite you to register now and to represent your Parliament at this gathering. Please register via the official IPM16 website and the online registration form.

[Registration is open now.](#) Participation is strictly upon invitation only.

[Click here to register now!](#)

In addition, we kindly ask you - as Representative of your Parliament - to initiate an official delegation of your Parliament.

Technical information

Programme, registration and accommodation suggestions and other practical information are available on the [EUFORES IPM16 conference website](#).

IPM16 will be held in English. Interpretation can be requested for parliamentary delegations of at least 5 delegates.

If you would like to attend the IPM16, we recommend to already reserve/book a hotel as many people will be travelling to Copenhagen due to parallel conferences on the days of the IPM16.

Accommodation

As Copenhagen does not offer enough accommodation option for the time of the IPM, we chose two hotels in Malmö (SE), which offer sufficient capacities. Malmö is directly connected to Copenhagen via the Öresundbridge, which can be passed in less than 50 minutes. In case you are interested in receiving some assistance with your room bookings, please contact roxane.roth@eufores.org.

Background

EUFORES aims at **gathering the 100 most active parliamentarians** in the field of renewable energy and energy efficiency. The event will be the perfect opportunity to exchange knowledge and to engage in discussions with like-minded colleagues from other Member States and the European Parliament, officials of national governments, the European Commission and selected representatives from industry and the scientific sector. The one-and-a-half-day conference will be accompanied by a Gala Dinner on Friday and a side visit programme on Saturday.

We are looking forward to meeting you in Copenhagen.

Jan Geiss *Secretary General EUFORES*, jan.geiss@eufores.org

in the name of

Claude Turmes *President EUFORES*

Theresa Griffin *Vice-President EUFORES*

Jeppe Kofod *Vice-President EUFORES*
