Emne: From Japanese House of Representatives: Speaker's Remarks on North Korea

Dear colleagues,

Seeking the peace and security of international society, Mr. Tadamori Oshima, Speaker of the House of Representatives of Japan, has strongly protested against North Korea's firing of a ballistic missile on 29 August and a nuclear test on 3 September. He has also published two separate comments, calling on the Japanese Government to closely cooperate with the international community in these matters.

As our Speaker wishes to share these comments with his counterparts, we are sending you English translations of them. It would be appreciated if you could pass them on to your Speaker/President.

Sincerely yours,

Interparliamentary Division

International Affairs Department

House of Representatives of Japan
