Invitation for the **Stories of Hope conference and The Livia award Celebration**

We have the great pleasure to invite you for the **“Stories of hope conference and the Livia Award Celebration”** in Copenhagen, Denmark November 28 2016.

The Livia award is given for nonviolent, brave, creative conflict approaches in serious societal conflicts. Former Livia nominees and the winners expressed a desire for more time to exchange ideas and experiences and make new contacts in the field of peacebuilding and conflict resolution.

Furthermore, the participants who came for the Livia award programme expressed big interest in learning more about the methods and experiences from the Livia nominees and award winners.

Thus in November 2016 we have invited former nominees and award winners to Copenhagen, to Denmark for a conference, where we will exchange ideas, discuss, disseminate, explore creative non-violent ways of conflict transformation with representatives from Danish INGO's, academia, decision makers and media. 15 international distinguished conflict and peace workers are coming from Afghanistan, France, Israel, Lebanon, New York, Palestine, South Sudan, Syria and Turkey.

The detailed programme for the conference is attached.
