الأمانة العامة
General Secretariat

Dear President of Parliament,

On the occasion of the World Day Against the Death Penalty, which marks today, find an attached book on the politicized death penalty sentences carried out by the Egypt's military coup regime against its opponents.

We are sending this letter with full of hope to see your solidarity and the support of your free people for this humanitarian cause with a view to contributing to halt these politicized provisions which may help to maintain the right of a lot of innocent people to life. Those people who have no crime but their belief in democracy and freedom.
