To: Ms. Pia Kjarsgaard,

President of the Parliament of the Kingdom of Denmark

In addition to our sincere thanks to the Kingdom of Denmark including the Queen, the Parliament, the Government and the people, for their strong position and courageous decision to stop the sale and export of arms to the Kingdom of Saudi Arabia, which leads the Aggression against our country and our people, we today continue to thank and express our appreciation to you on behalf of the Parliament of the Republic of Yemen and on behalf of the Yemeni people and through you to the Kingdom of Denmark, the Queen, the Parliament, the Government and the people, for this noble humanitarian position and for taking this courageous and sound decision to stop the sale and export of Danish weapons to the United Arab Emirates which is the most violent and worst partner in the coalition of military aggression against our country, and is the perpetrator of genocide against the people of Yemen, using the latest types of lethal weapons and the internationally prohibited weapons, and imposing an unjust blockade by land, sea and air which has led to the spread of many serious deadly diseases, and the spread of famine and poverty to more than twenty million Yemeni people, which represents the largest humanitarian disaster in the world.

We have made clear to you in our previous letter some of the effects of the military aggression on our country and our people.

The United Arab Emirates not only participated in the brutal military aggression against our country and imposed a blockade by land, sea and air on our people, but turned into an occupier of the Yemeni territories and violated the sovereignty of Yemen, which reached its military forces to Yemen and imposed its administrative and political control on it. It has been interfering in domestic affairs in a number of Yemeni governorates, occupying some of our islands and seaports, controlling the affairs of the military and civilian

authorities, setting up camps, military forces and militias outside the framework of state and law authority, opening their prisons and detention centers and practicing the worst methods of torture and murder to prisoners and non-prisoners as if it is an occupying power not as liberating as it claims. This situation is of great concern to us; it does not only undermine our sovereignty, security and stability but also threaten the security and stability of the whole region.

Therefore, we believe that the decision you made in the Kingdom of Denmark regarding the sale and export of arms to the UAE is a step in the right direction to put an end to the arrogance and aggression of this country on our people, our land, our sovereignty and our security.

We reiterate our sincere thanks and appreciation for your generous humanitarian efforts to continue with other steps and initiatives aimed at stopping injustice and aggression against our country and our people and bringing peace and stability to Yemen.

Best regards,

Yahya Ali Al-Ra'i
