Emne: Invitation: CYBERSEC WOMEN 2019, 30 October, Katowice, Poland

We are delighted to invite you to attend **CYBERSEC WOMEN** which will take place on **30 October 2019** at the **International Congress Centre** in **Katowice, Poland**, during the second day of the **5th European Cybersecurity Forum – CYBERSEC 2019**.

CYBERSEC *Women*

CYBERSEC WOMEN, organized in partnership with **European Cyber Security Organisation's** initiative – **Women4Cyber** – is the project that aims to increase women's participation in the cyber field and also highlight women's key role when it comes to the balanced cyber ecosystem

Inclusiveness is a key factor in security issues. Diversity in cybersecurity contributes to the efficacy of teams and sustainability of solutions, making it both important for national security and imperative for business. In the field, women represent an alarming low number of workforce; this critical imbalance has prevented cybersecurity from developing to its full potential.

Therefore, there is much to do and the strong advocacy by women and men is a key element to diminish this gap and achieve a more equal and effective cybersecurity field. We also need clear actions that will help create more inclusive and effective sector.

CYBERSEC WOMEN will consist of a panel discussion entitled ***SHORTAGE OF WOMEN IN THE CYBERSECURITY SPHERE***, closed workshops* ***SECURING THE WORLD'S DIGITAL DNA BY EMPOWERING WOMEN*** and presentations ***SUCCESS STORIES AND ROLE MODELS – WHO CAN WE LOOK UP TO?***

*The number of places is limited. In order to participate please contact us via e-mail: wioletta.brzecka@ik.org.pl with "CYBERSEC WOMEN" in the title.

More about CYBERSEC WOMEN

Registration

Yours sincerely,

Izabela Albrycht
Chair of the CYBERSEC Organising Committee

Joanna Świątkowska
CYBERSEC Programme Director

We would like to inform you that in order to invite you to the CYBERSEC CEE, we process your personal data (i.e. your e-mail address, function, contact information and work place information). We have obtained these data through the registration system on the website www.cybersecforum.eu, they were available freely on the Internet, or you have provided them to us yourself. We send this Newsletter automatically to all e-mail addresses in our database.

If you want to execute this right in terms of organizing and promoting CYBERSEC CEE, please contact us via e-mail adding "CYBERSEC CEE" in the title. If you want to execute this right in terms of getting the newsletter, please contact us via e-mail, adding "newsletter" in the title. In both cases contact us via rodo@ik.org.pl
