Emne: Fehmarnbelt Days 2020 – Save the date

>> Welcome to the Fehmarnbelt Days 2020 <<

After the summer holiday season we are happy to announce – on behalf of all nine organizers – the dates for the Fehmarnbelt Days 2020:
17-18 May 2020, spanning Sunday and Monday.

You care about the Fehmarnbelt Region?
You are interested in the development between Hamburg and Copenhagen/Malmö, between Ostholstein and Region Sjælland?
You want to have a say in shaping the future and share your ideas?

After Lübeck, Copenhagen, Hamburg, and Malmö, the 5th Fehmarnbelt Days will move to Weissenhäuser Strand in 2020, right to the Baltic beach front in Ostholstein, Germany. The novum 2020: The well-established largest **expert conference** on the Fehmarnbelt Region will be backed up by a **citizens' festival**. On Sunday, entertainment and fun for the whole family will go along with information and democratic discussion about the Fehmarnbelt Region's future development. Ideas and impulses from the public will be included and further discussed in Monday's conference.

Let yourself be inspired by an unconventional venue, setting and programme.

Save the date and get involved.

The FBD 2020 Organizers are looking forward to welcoming you in May 2020!
