Emne: Media inquiry from Estonia

Dear Sir or Madam

I am writing to you from Estonian daily newspaper Postimees regarding letter sent by Estonian Forest Defenders' organisation (EMA) to government and parliament of Denmark. You can find the letter in attachment.

Would you agree with answering to some our questions? Questions are as follows:

- 1) What is your position in general on thoughts presented in the letter?
- 2) Do you agree that this problem (that Denmark's climate policy comes at cost of Estonian forests) exists and needs to be addressed?
- 3) If you do, what would be the next steps?

Best regards
Meinhard Pulk
