Dear Ms Chairwoman,

On behalf of the delegation of the Committee on Social Policy of the Chamber of Deputies of the Parliament of the Czech Republic and on my own behalf, I would like to thank you for your warm welcome on the recent visit of our delegation to Denmark.

I am pleased to express how much we are satisfied with the visit that gave us an opportunity for extremely useful and interesting exchange of views with you as chairwoman of the Domestic and Social Affairs Committee of the Christiansborg and with Ms Fatma Øktem, member of The Gender Equality Committee as well as the other representatives of your country.

I believe that further meetings of our respective committees could provide us with an excellent opportunity to exchange experiences in the activities falling in our responsibilities. I am glad therefore to extend to your Committee an invitation to visit the Czech Republic. We are looking forward to seeing you and members of the Domestic and Social Affairs Committee in Prague. I suggest that the arrangements shall be made through the usual diplomatic channels.

I avail myself of this opportunity, Madam, to renew the assurances of my highest consideration.
