Emne: Democracies being undermined by trans-national Organized Human trafficking cum Terror Rackets

Dear Secretary Mr Nina Egebjerg Clausen of Foreign Affairs committee of Denmark

If a democracy is not organic , it loses the very meaning of its existence , and it becomes tyranny in true words .

I have filed various litigations against Multinational companies like Facebook and Twitter . These companies employ unethical CODING (Programming) practices to manipulate public around the world like fake likes , fake connections , Fake campaigns, Fake followers and thus undeserving politicians get majority in Parliaments .

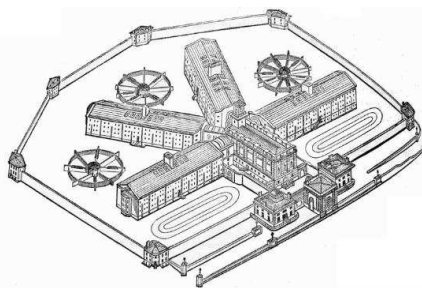

At the same time ,I m fighting against trans national Organized rackets who enslave male ,female and children for sex and carry out terror attacks .and these trans national Organized rackets run under the aegis of media and Entertainment industry of respective countries .These rackets manipulate bureaucracies and leaders by selling attractive flesh .Thus undermine democracies .

One of these terror attacks involves recent London terror attack on 29 November 2019 and SIKH police officer murder in Housten ,USA .

Person sitting in India is able to carry out terror attack in Europe OR Americas through Trans national Organized Rackets . It is a matter of serious concern .

You can find more information about trans national Organized crime in here :

For all these reasons ,I m being persecuted by Indian government and I can be murdered by Indian government at any point of time .

I seek your support in my mission to make this world more democratic and more humane .

Yours Sincerely
