Dear EDD Community members,

In light of the COVID-19 pandemic and after careful consideration, the European Commission's Directorate-General for International Cooperation and Development has decided to postpone the 14th edition of the European Development Days.

**The next European Development Days will take place on
15-16 June 2021 in Brussels.**

We reaffirm our commitment to the EU's Green Deal and will maintain the theme 'The Green Deal for a Sustainable Future'. The ongoing programme submission process will be concluded and results communicated to stakeholders in the coming weeks. The European Commission invites all partners to continue their strong engagement with the event and will work towards ensuring an even greater level of participation in June 2021.

We extend our thanks for your input and support for the event to date. Our main concern is to protect everyone's health, ensure

maximum attendance and allow due preparation for the event. Our thoughts are with all those affected by the crisis.
