## Launch of the new analysis Life Science across the Øresund

Join us for the live streaming from the presentation of the new analysis **Life Science Across the Øresund** followed by a debate

The analysis **Life science across the Øresund** will be presented during live streaming on 22nd of June 2021. The analysis will show the comprehensive collaboration across Øresund with regards to commuting, workforce, investments, businesses and research.

The presentation of the analysis will be followed by a debate about the importance of life science collaborations across the Øresund.

**Date:** 22nd June 2021

**Time:** 8:00 – 9:00 CEST

**Venue:** Live streaming on YouTube and Facebook

The event is free of charge, but please register to receive the link for the live streaming.
