

Timeline for the Deliberation of Emergency Provisions

Presented by Vice President Lord Bowness at the Online Standing Committee Meeting, 12 November 2020

1. Rules for emergency situations to be discussed by the President's Advisory Group and by the upcoming Bureau meeting on 2 December, and then voted by the Standing Committee **in February**. The aim of the emergency rules is exactly to ensure that decisions such as the election of officers can take place regularly in July 2021 regardless of the format of the Annual Session, and that there is no repetition of this year's freezing of the Bureau.
2. Then, all the other revisions can be voted upon, with more time, at the next Annual Session.
