Dear Chairman Mr. Bertel Haarder:

Dear Vice Chairman Mr. Rasmus Horn Langhoff:

Dear all members of The Foreign Affairs Committee of Denmark:

We are submitting a list of staff members of the 610 Office at different levels across China and request that these individuals be sanctioned with visa restrictions and having their assets frozen for their crimes in the persecution of Falun Gong.

The 610 Office was established in 1999 with the sole purpose of persecuting Falun Gong and it has branches at all levels of governance (province, city, county, town, and village), in all departments of central government and in all educational institutes. The 610 Office system has been directing and coordinating the persecution across the whole country. Thus, the personnel working in this system bear responsibility for the arbitrary detention, torture, and death of many Falun Gong practitioners in the last 21 years.

Sanctioning personnel in the 610 Office system will send a strong warning to them and can help curb the persecution of Falun Gong.

Attached please see:

1. Critical Role of the 610 Office in the Persecution of Falun Gong
2. The 610 Office: Policing the Chinese Spirit (by Jamestown Foundation)
3. List of 9,297 individuals working in the 610 Office system
4. Evidences of 10 sample members of "610 Office" illustrating their roles in the persecution (others have similar participation)

Your support for the human rights of the persecuted Falun Gong practitioners in China would be greatly appreciated. Should you have any questions, please feel free to contact us.

Sincerely,

Falun Dafa Information Center
