**Emne:** Letter from the President of CZ Senate to speakers/presidents of EU parliaments\_relations between the Czech Republic and the Russian Federation in connection with attacks in Vrěbětice

Dear colleagues,

Let me send you the **resolution of the Czech Senate on relations between the Czech Republic and the Russian Federation in connection with attacks in Vrěbětice**. This resolution was adopted on Wednesday, 21 April 2021. Would you be so kind and pass the resolution together with the accompanying letter written by the President of the Czech Senate Mr. Miloř Vystrčil to your presidents/speakers and for information also to the chairs of relevant committees.

For explanation: the resolution of the Czech Senate is based on the resolution of the Committee on Foreign Affairs that I sent you earlier this week (on 20 April). However, on the basis of discussion during the plenary meeting and recommendations from the Committee on EU Affairs, the resolution was modified and two new sections were added (section IV. and V.)

Thank you in advance for your assistance.

Kind regards,

Milan Petřík
