# Invitation to EE Solutions Summit

The Confederation of Danish Industry (DI) cordially invites you to participate in the

## EE Solutions Summit on 9 June 2022 at 08.00 – 15.30 at Alsion in the City of Sønderborg, Denmark.

The summit will bring together the most ambitious CEOs, organisations and city- and government representatives from around the world to focus on how international ambition on energy efficiency can be translated into on-the-ground climate action here and now.

It comes at a crucial moment in time as governments, cities and businesses alike ramp up ambitions on climate change while tackling the new energy shocks of the 21st century.

The EE Solutions Summit will focus on concrete solutions and how these can be implemented on local level to enhance decarbonization, reduce reliance on fossil fuels and harvest co-benefits of energy efficiency.

To participate, please [sign up here](#)

Kind regards,

**Emil Fannikke Kiær**

Deputy Director General

The Confederation of Danish Industry
