Health measures

The conference will take place in strict compliance with the mandatory health measures in place at the time. These rules may, of course, be modified in response to any change in the pandemic situation. We will keep you informed of any change that might affect the organisation of the meeting.

As matters currently stand, participation in events will be subject to presentation of a **vaccine pass as defined under French law**, i.e., a European certificate of vaccination against Covid 19 certifying receipt of a **booster (3rd) dose or a second dose of vaccine received within the past 4 months**. Under certain conditions, a **certificate of recent recovery** from Covid 19 infection dated within the past 4 months may also confer the same rights as a vaccine pass. Presentation of a negative test (PCR or antigen) alone, however, will not entitle its holder to participate in the events.

Masks must be worn, and preventive measures and social distancing rules always followed. Hand sanitizer gel will be made available to all participants.

A **Covid coordinator** will monitor compliance with the health measures and manage procedures for dealing with cases of infection and at-risk contacts: Julien Deroin, project manager at the European Affairs department of the National Assembly, julien.deroin@assemblee-nationale.fr, +33 1 40 63 43 14.

Please inform him immediately should you experience any symptoms suggestive of Covid 19 infection or if you are identified as a contact.

Covid 19 testing will be available in **neighbouring pharmacies**.

Forms requesting an opportunity to speak will nevertheless be available in the meeting room. Any would-be speakers who have not made themselves known in advance should complete the form and hand it in to the conference secretariat on arrival.
