Ladies and Gentlemen: Honorable Members of the Foreign Affairs
Committee of the Danish Parliament:

Greetings,

Subject: Letter of appreciation

The International Commission to Support palestinains' Rights (ICSPR) has followed up your noble efforts to circulate the annual report on the state of the rights of the Palestinian people issued by ICSPR and publishing it as a public document on the website of the Danish Parliament.

Your approach in addressing the report on the human rights situation in the occupied Palestinian Territories indicates the extent to which your committee complies with the humanitarian and human rights principles that are at the core of international law, order and judiciary.

We -the work team of ICSPR, and the victims of Israeli violations- are looking forward to your political support to ensure exerting pressure on the leaders of the Israeli occupation to stop its arrogant practice against Palestinian civilians, meanwhile, working to ensure the protection of human rights, and that Palestinian victims and their families obtain their right to effective legal and judicial remedy, as an important path to expand international deterrence against international crimes to prevent further grave violations of human rights.
