Please note while making your travel arrangements that de-briefing via phone or to regional coordinators on the ground may be possible for those observers deployed with overnight stays outside Astana. We kindly ask members not to book their domestic Kazakh flights or departure flights prior to the finalization of the expected deployment plan for observers.

#### Visa

Observers are advised to contact the Kazakh consulates in their respective countries to verify visa requirements necessary for their travel for the Mission. Please contact the International Secretariat if you need any assistance while arranging your visa documents.

#### **Travel and Health Insurance**

Members are requested to consult with the appropriate authorities regarding travel procedures and access to the country, as a result of the COVID-19 response. The International Secretariat will maintain close contact with the authorities in Kazakhstan to ensure compliance with local health regulations.

The mission will work to put in place disease mitigation measures including social distancing where possible. However, participants should understand that observation is a physical practice requiring interaction with a wide range of people. Observers are expected to comply with all national laws and regulations of the host country, including health regulations. Please note that there may be additional costs related to compliance with health measures required by the Kazakh authorities or by the mission. All participants are expected to obtain a rapid or PCR test for COVID-19 not older than 48 hours prior to arrival in Kazakhstan. If the test indicates positive for COVID, observers are expected to not travel for the observation mission.

Members are requested to ensure that they have full health insurance coverage valid for the duration of their stay in Kazakhstan.
