Emne: Plea Regarding non-EU Citizens' Study Permit

Dear Sir/Madam,

I am Rohit, a grade - 10 student from India and I am writing this mail to you as an Indian aspiring to pursue the rest of my highschool in your honoured country.

After pursuing much research and contacting several schools, I came to know that your country does not permit a study permit for over one year. Due to this, I have not been able to apply to any of the reputable schools in your country. Likewise, there are several students out there who wish to study in your esteemed nation but miss out on the opportunity due to the current legislation. This is not only a loss for the student but also a loss for the nation. Due to this, Denmark may miss out on the chance to welcome a valuable asset into the nation.

I do agree that your policy helps give more opportunity to the students of your nation and the EU. However, as I believe, everyone should be given an opportunity. This ensures both the increased development of your nation and that of a person's education and ultimately their career.

It is my humble request that my plea be listened to and I hope that everyone including non-EU Citizens are granted the study permit for at least 2 years as most high-school diploma programmes last 2 years.

Thanking you
Regards

Rohit A
